

Spring and Autumn Organic Soil Conditioner

DESCRIPTION AND APPLICATION RATES

An organic mini grade soil conditioner made from plant extract which is designed to purify the soil before the on-set of spring growth and autumn/winter shut down. This product can be used all year round but ideally apply early spring and early autumn/winter. Apply Purity evenly over the turf at 30gms/m² (300kg/ha). Water in for 5-10 minutes to start the break down process.

Spreader Settings for Accupro 2000 or SR-2000

For 30g/sqm: Setting Q, Cone 5 (effective width 3 metres)

Do not apply within 3 metres of, and do not allow run-off into, water courses.

Typical Analysis: Nitrogen (N) :1.10%; Phosphorus Pentoxide (P₂O₅): 0.26%
Potassium Oxide (K₂O): 0.94 %; Magnesium (MgO): 0.02 %; pH: 5.7

Health and Safety: Saponin EC:232-462-6

Warning

Causes serious eye irritation. May cause respiratory irritation. May cause long lasting harmful effects to aquatic life.

Wear protective clothing, eye protection or face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Avoid breathing dust. Do not get in eyes, on skin or on clothing. Use only outdoors or in a well ventilated area. Do not eat, drink or smoke when using this product. IF SWALLOWED: Immediately call a POISON CENTRE or doctor. KEEP OUT OF REACH OF CHILDREN. Material safety data sheet (MSDS) is available on request.
