**IMPROVES LEAF
COLOUR & VIGOUR**

**USE AT FIRST SIGN
OF ATTACK**

**WORKS BY
PHYSICAL ACTION**

**CAN BE USED A DAY
BEFORE EDIBLE CROPS
ARE HARVESTED.**

INSTRUCTIONS FOR USE

HOW TO USE

SHAKE WELL BEFORE USE. Always read the label fully before use.

Spray both sides of the leaf surfaces until thoroughly wetted. As Doff® Bug & Fungus Control works by physical action, it must be directly applied to pests to achieve control. Apply every 7 days.

WHEN TO USE

Use at the first signs of infestation and repeat weekly for maximum effectiveness.

Do not spray during hot, dry conditions, as this may result in plants being scorched. If rain falls shortly after application the product effectiveness may be reduced and further treatment may be required.

It is recommended that the product be applied to a small area on unusual varieties and observed for any adverse effects.

SAFETY PRECAUTIONS

Contains reaction mass of: 5-chloro-2-methyl-4-isothiazolin-3-one [EC no. 247-500-7] and 2-methyl-2H-isothiazol-3-one [EC no. 220-239-6]. May cause an allergic reaction.

Keep out of reach of children. Avoid contact with skin and eyes, do not eat drink or smoke when using this product. **IF IN EYES:** Rinse cautiously with water for several minutes. Wash hands after use. If skin or eye irritation develops or persists, get medical advice. **PROTECT FROM FROST,** do not store in direct sunlight or extremes of temperature. Store out of direct sunlight above 10°C and below 25°C.
