

FOR USE ONLY AS A HOME GARDEN SLUG KILLER

MAPP 18975

GROWING SUCCESS SLUG KILLER ADVANCED is a blue pellet containing Ferric Phosphate. The pellets can be used as a bait for the control of slugs on bare ground and around all edible and non-edible crops grown outdoors, in the greenhouse or under other permanent or temporary cover.

INSTRUCTIONS FOR USE

WHEN TO USE

Application is usually during spring and early summer, and also in early autumn. Where attack is heavy, it may be necessary to repeat the application. Best results are achieved by application during mild damp weather, after rain or after watering the garden when slugs are most active. Applications are best made during the evening prior to when slugs commence feeding. For maximum effect (persistence on soil), bait should not be applied just before rain.

HOW TO USE

Sprinkle thinly and evenly on the soil surface around and between plants to be protected or wherever slugs are to be found, at a rate of 5 grams per square metre. When applying this product near food crops take care to avoid pellets becoming trapped or resting in the leaves. After eating GROWING SUCCESS SLUG KILLER ADVANCED bait the slugs cease feeding. Death follows. Treated areas must not exceed the maximum total dose of 20 grams per square metre per year.

CORRECT USE

INCORRECT USE

Growing Success Slug Killer Advanced contains ingredients that conform to Annex II of EC 889/2008 allowed for organic farming.

SAFETY INSTRUCTIONS

Protection during/in use

- In case of exposure, or if you feel unwell, seek medical advice immediately and show the container or label
- Do not eat, drink or smoke when using this product
- **MAY IRRITATE THE EYES. AVOID CONTACT WITH EYES**
- **WASH HANDS AFTER USE**

Environmental protection

- If your pet eats GROWING SUCCESS SLUG KILLER ADVANCED bait contact your veterinary surgeon immediately, as the consumption of large quantities may be toxic.
- Do not empty into drains, sewers, streams and ponds.
- Do not contaminate water with the product or its container.

Storage and disposal

- Keep away from food, drink and animal feeding stuffs.
- **KEEP PRODUCT IN ORIGINAL CONTAINER**, tightly closed in a safe place.
- **KEEP PRODUCT AWAY FROM CHILDREN AND PETS.**
- Do not re-use container for any purpose

Safety Information

If medical advice is needed, have product container or label at hand.

Keep out of reach of children.

Read label before use.

Dispose of contents/container to a household waste recycling centre as hazardous waste except for empty clean containers which can be disposed of by recycling. Contact your local council for details.

To avoid risks to human health and the environment, comply with the instructions for use.
