

Foam-go

DE-FOAMING AGENT

Spray Solution - De-foaming Agent.

Use De-foamer only as an Agriculture/Horticulture/Amenity/Forestry Defoaming Agent.

Pesticides may produce excessive foam when diluted in the spray tank. This causes difficulties when filling the spray tank and applying the pesticide.

APPLICATION GUIDELINES

Use Foam-go when it is necessary to reduce foaming in the spray tank. This should be done when the spray tank is at least half full and before foam overflows the tank chamber.

APPLICATION RATE

Use 1 cap full, per 100-200 litres tank capacity.

HEALTH & SAFETY INFORMATION

Do not get in eyes, on skin or on clothing. Use personal protective equipment as required.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

KEY BENEFITS

- Provides fast control of foaming during spray tank filling.
- Reduces loss of active ingredients - more economical.

CONDITIONS OF SUPPLY

No responsibility will be accepted by us or resellers for any failure in performance, damage or injury arising from their storage, handling, application or use of these goods. These conditions cannot be varied by our staff or agents whether or not they supervise or assist in the use of such goods.
